

# RIDE TRI-RAIL TO THESE GREAT EVENTS

## MERCEDES-BENZ CORPORATE RUN

The Mercedes-Benz Corporate Run returns to South Florida. The race series, produced by TeamFootWorks, promotes health and wellness in the work place. Known as the largest office party in South Florida, the series draws over 25,000 participants each April and brings together the South Florida business community in a fun way. For more information, visit [www.mercedesbenzcorporaterun.com](http://www.mercedesbenzcorporaterun.com).

### West Palm Beach: Meyer Amphitheatre on April 13, 2015 at 6:45 p.m.

How to get there: Ride Tri-Rail to the West Palm Beach Station, then take the West Palm Beach Downtown Trolley Green Line to Olive Ave. and Evernia St. Walk east one block to the amphitheater.

### Downtown Miami: Bayfront Park on April 28 at 6:45 p.m.

How to Get There: Ride Tri-Rail to the Metrorail Transfer Station, then take Metrorail southbound to Government Center Station and transfer to the Metromover and take to Bayfront Park Station.

## SUNFEST

SunFest, Florida's largest waterfront music and art festival, returns to downtown West Palm Beach, April 27 - May 1, 2016.

Tri-Rail will offer a special southbound train on Saturday at 11:45 p.m. and Sunday at 10:10 p.m. For details, visit [www.sunfest.com/ridetrirail](http://www.sunfest.com/ridetrirail).

How to get there: Ride Tri-Rail to the West Palm Beach Station, then take the West Palm Beach Downtown Trolley Green Line to the festival.

## DELRAY AFFAIR

The Greater Delray Beach Chamber of Commerce celebrates its 54th year of the Delray Affair, April 8-10. Hop aboard Tri-Rail and make the connection to the largest arts & crafts festival in the Southeast United States. Be sure to stop by the Tri-Rail booth for goodies and to say "hello!" For more information, visit [www.delrayaffair.com](http://www.delrayaffair.com).

How to get there: Ride Tri-Rail to the Delray Beach Station and board the Downtown Roundabout Trolley to reach the festival.

## SFRTA CELEBRATES A MILESTONE IN CONSTRUCTION OF POMPANO BEACH CAMPUS

Members of the SFRTA Governing Board, SFRTA staff members and the construction team from Gulf Building LLC, joined together recently to celebrate the official topping off ceremony of the construction of the SFRTA's new LEED-certified Operations Center in Pompano Beach. When completed, the SFRTA Pompano Beach campus will encompass

the Operations Center, the Agency's first LEED-certified Tri-Rail station and a 500-car parking garage.

In his remarks, Commissioner Bruno Barreiro, SFRTA Governing Board Chair, said, "After many years of operating in a temporary headquarters, we are looking forward to moving into a permanent facility where we can consolidate our entire operation under one roof. This will allow for an enhanced level of communication and efficiency that can only be of benefit to our passengers."

Positioned as the prototype for the SFRTA's station-of-the-future, the reconstructed station will include solar panels that will provide 100% of the power needed to operate the facility. Among the other additions to the station will be native vegetation that requires less frequent watering, an overpass that will enable passengers to cross from platform to platform without having to cross at grade level, and energy

## EXTRA TRAINS ADDED FOR ULTRA MUSIC FESTIVAL

SFRTA ran a special late night Tri-Rail train for all three nights of the 2016 Ultra Music Festival. The music event held at Bayfront Park in Miami attracts thousands of spectators every year, many of whom use Tri-Rail to get to the internationally promoted concert.

(Continued from cover)

efficient elevators to access the pedestrian bridge. The station will also provide new secure bicycle lockers, dedicated alternative fuel-source parking, carpool/vanpool parking, LED lighting fixtures, and a shaded, reconfigured parking lot.

The entire Tri-Rail Pompano Beach Station Improvements Project—including the design/build of the new Operations Center and parking garage—is estimated to cost a total of \$40 million, and is projected to be completed and fully-operational by the summer of 2016.

### SFRTA CELEBRA UN HITO EN LA CONSTRUCCIÓN DEL CAMPUS DE POMPANO BEACH

Los miembros del consejo directivo de SFRTA, los miembros del personal de SFRTA y el equipo de construcción de Gulf Building LLC, se reunieron recientemente para llevar a cabo la ceremonia oficial de coronación

directivo de SFRTA, afirmó: “Después de muchos años de operar en una sede temporal, estamos deseando mudarnos a una instalación permanente donde podremos consolidar nuestra operación completa bajo un solo techo. Esto permitirá un mejor nivel de comunicación y eficiencia que sólo podrá redundar en beneficio para nuestros pasajeros”.

Considerada como el prototipo para la estación del futuro de SFRTA, la estación reconstruida incluirá paneles solares que suministrarán 100% de la energía que se necesita para operar la instalación. Entre otras adiciones a la estación estará la vegetación nativa que requiere de riego con menos frecuencia y un paso elevado que permitirá a los pasajeros cruzar de una plataforma a otra sin tener que cruzar a nivel de suelo, así como elevadores de uso eficiente de energía para acceder al puente de peatones. La estación

estacionamiento —costará un total de 40 millones de dólares y se proyecta que esté finalizado y sea completamente operacional a más tardar en el verano de 2016.

### SFRTA AP SELEBRE YON ETAP ENPÒTAN NAN KONSTRIKSYON KANPIS POMPANO BEACH LA

Manm Konsèy Administrasyon SFRTA an, anplwaye SFRTA yo ansanm ak ekip konstriksyon Gulf Building LLC, te rasanble pou selebre lansman ofisyèl seremoni konstriksyon nouvo Sant Operasyon SFRTA ki sètifye LEED nan Pompano Beach. Lè li pral fini, kanpis SFRTA nan Pompano Beach la pral gen ladann Sant Operasyon an, ki se premye estasyon Tri-Rail ki sètifye LEED Ajans lan ansanm ak yon garaj pakin pou 500 machin.

Nan remak li te fè yo, Komisonè Bruno Barreiro, Prezidan Konsè Administrasyon SFRTA an, te deklare: “Aprè anpil lane pandan nou t ap fonksyone nan biwo santral ki te tanporè, nou kontan deplase pou enstale nan biwo ki pèmanan kote nou kapab regwoupe tout operasyon yo anba yon sèl twa. Sa va pèmèt nou amelyore nivo komunikasyon ak efikasite nou, sa ki yon avantaj kanmenm pou pasaje nou yo.”

Yo prezante nouvo estasyon an tankou estasyon SFRTA pou lavni, epi estasyon ki rekonstwi a pral gen ladann pano solè ki pral prodwi 100% nan elekrisite yo bezwen pou fè etablisman an fonksyone. Pami lòt bagay yo pral ajoute nan estasyon an, pral gen vejetasyon natifnatal ki bezwen mwens awozaj, yon pon anlè estasyon an ki pral pèmèt pasaje yo janbe yon platfòm pou rive nan yon lòt platfòm san yo pa bezwen travèse ray yo, epi asansè ki pa konsome twòp enèji pou bay aksè nan pon pou pyeton an. Epitou, estasyon an pral ofri nouvo kazyè sekirize pou

bisiklèt, pakin ki rezève pou sous kabiran altènatif, pakin carpool/vanpool, lanp ak limyè LED, epi yon pakin ki gen lonbraj epi yo redesenen nètale.

Tout Pwojè Amelyorasyon Estasyon Tri-Rail Pompano Beach lan—ikonpri dizayn pou konstriksyon nouvo Sant Operasyon ak garaj pakin lan—ta dwa koute selon estimasyon yo \$40 milyon dola ototal, epi li ta dwe fini epi kòmansè konfisyone pandan peryòd lete 2016.

de la construcción del nuevo Centro de Operaciones de SFRTA con certificación LEED en Pompano Beach. Cuando finalice su construcción, el campus de Pompano Beach de SFRTA incluirá el Centro de Operaciones, la primera estación de Tri-Rail de la Agencia con certificación LEED y un aparcamiento para 500 vehículos.

también proveerá casilleros para bicicletas nuevos y seguros, un estacionamiento dedicado para fuentes de energía alternativas, estacionamiento para carpool/vanpool, dispositivos de iluminación LED y un estacionamiento reconfigurado y asombrado.

Se estima que todo el proyecto de mejoras de la estación de Tri-Rail Pompano Beach —incluyendo la construcción del nuevo Centro de Operaciones y la cochera de

En sus declaraciones, el comisionado Bruno Barreiro, presidente del consejo
