SRPP

A policy document adopted by the Council to be used as a guide for decision-making institutions that are within, or whose actions affect, the Region. ***The SRPP addresses the needs and aspirations of the regional community, but can only be implemented through the actions of those institutions .***

supporting values

Sustainability, Connectivity, and Responsibility

SRPP has 22 goals, including:

- growth patterns/land use
- affordable housing
- education and school capacity
- transportation
- the economy
- emergency preparedness
- natural resources

indicator

Regional infrastructure financing mechanisms.

Goal 21

Enhance regional cooperation, multi-jurisdictional coordination, and multi-issue regional planning to ensure the balancing of competing needs and long-term sustainability of our natural, developed, and human resources.
